ADVANCED LIST
of
1925 TREE SEEDS

CONYERS B. FILEU, JR.
Ross and Montane Sts.
Germantown, Phila., Pa.

The seeds listed below are, of course, of 1925 crop and while it is yet early to know the exact crop conditions, it is a good plan to order early so that you get the seeds just as soon as they are ready. These particular varieties are always in demand and as a rule, the demand is greater than the supply and naturally early orders are given the preference. You will note some seeds are now ready and these can be sent upon receipt of your order.
